## PROFILE

---

I am a dedicated backend developer with strong expertise in Laravel and a solid foundation in MySQL, data structures, algorithms, and object-oriented programming. I am committed to continuous learning and professional growth, always striving to sharpen my skills in backend technologies. I excel at writing clean, maintainable code and enjoy working in collaborative team environments that drive innovative solutions. As a quick learner and adaptable team player, I am passionate about solving complex challenges and delivering efficient, elegant systems using Laravel as my core framework.

## EDUCATION
